EDUCATION

University College Of Engineering, Kanchipuram.

B.E Computer Science and Engineering

August 2022 - July 2026

SKILLS

Programming Languages: Python, SQL

Web Development: HTML, CSS, JavaScript

Mobile Development: Flutter

Frameworks & Tools: Git and GitHub

UI/UX Design: Figma, Wireframing, Style Guides

PROJECTS

Netflix Clone — Designed a real-time Netflix Clone

Developed a responsive clone of Netflix using HTML, CSS, and JavaScript, incorporating interactive UI elements and optimized for multiple screen sizes.

Weather Application — Built a weather forecasting application

Developed a responsive web app using OpenWeatherMap API, enabling users to fetch and display real-time weather data for any location.

Agritech App UI — Created a user-friendly interface for an agritech app

Built a user-friendly and interactive form. Designed wireframes, style guides, and prototypes using Figma, focusing on accessibility and intuitive navigation for farmers.

OBJECTIVE

Aspiring Full Stack Developer with a solid foundation in front-end and back-end technologies and SQL. Passionate about building scalable, user-friendly web applications and enhancing the user experience through innovative design. Seeking to leverage my skills and hands-on project experience to contribute effectively during a Full Stack Development Internship.
